

# Never Gonna Let You Die

Adeaze

[Intro]

Never gonna let you, never gonna let you die, die  
He said never gonna let you down no Can you hear Gods love calling out to everybody  
In the world who needs a life  
He said never gonna let you down oh no  
Pick up the cross take it up to the Lord  
And he'll give your life eternity  
Forgiven of the sins he see's  
Set your hearts and minds off free  
Never did anyone love you like God  
Keep up the faith and you'll grow high, high, high  
Never gonna let you die [Chorus]

Lord

Lord

My life is in your hands

With everything I stand

Can you help me sing

Lord

Lord

My life is in your hands

With everything I stand Never gonna let you, Never gonna let you die, die

Never gonna let you, Never gonna let you die, die

He said never gonna let you down Lord Can you hear Gods love calling out to everybody

In the world who needs a life

He said never gonna let you down oh no

Pick up the cross take it up to the Lord

And he'll give your life eternity

Forgiven of the sins he see's

Set your hearts and minds off free

Never did anyone love you like God

Keep up the faith and you'll grow high, high, high

Never gonna let you die [Chorus]

Lord

Lord

My life is in your hands

With everything I stand

Can you help me sing

Lord

Lord

My life is in your hands  
With everything I stand Never gonna let you, Never gonna let you die, die  
Never gonna let you, Never gonna let you die, die  
He said never gonna let you down Lord Can you hear Gods love calling out to everybody  
In the world who needs a life  
He said never gonna let you down oh no  
Pick up the cross take it up to the Lord  
And he'll give your life eternity  
Forgiven of the sins he see's  
Set your hearts and minds off free  
Never did anyone love you like God  
Keep up the faith and you'll grow high, high, high  
Never gonna let you die
