

Animal Needs

The Faint

W dont need:

cars, pools, trophies, jewels

soap, straws, software to tell us we're lost

sermons, rules, prophecies ending in doom,

more like humans, more like meat, primitive culture for minimal needs
We've got animal needs, animal
needs

We don't need:

cops, clubs, make up to find real love

bubbles(?), hell, perfume to mask our smell

dice, fame, coffee, names

toilets, trucks, luggage, much
We've got animal needs
