

# Let's Pretend (Live At the Whisky 1979)

## Gems

Out on the streets what ya lookin' for  
That thing in your bed's  
just another whore  
That tear in your eyes not a tear at all  
For that girl that you touch  
you could never fall  
That stream in your mind it's a tearin' sty  
[Chorus:]  
Let's pretend you're vicious  
Let's pretend you're cool  
Let's pretend suspicious  
Let's pretend you're fools  
Your leather is tight but you wear it full  
'Gether is right but you gotta be cool  
You cut your wrists  
but you don't feel the pain  
You change your mind  
but you still feel the same  
To dream ain't your kind just another lie...

[Chorus]

Sell us a story that we can believe  
Spend your dollars on pills for relief  
Love is a future that you still can't see  
Standing answers to questions are free  
Scream in your boredom life's just to die

[Chorus]

Dive in problems just like stealin' a fix  
Is your life to live or is it for kicks  
Kick dirt in the faces of angry dream men  
Stand on your chairs and spell  
don't let me in  
Don't stand in the light  
cuz you know  
you can't cry

[Chorus]

[Chorus]
