

Lonely Is the Hunter

Kiss

Eggs in one basket
But threw me a bone
She was dealt a full deck
But likes to live alone Ain't just talkin' to myself
A reason to stop oh yea
With a flower in her teeth
She drained the last drop I said, girls love money
Like bees in honey But lonely is the hunter
You're my one and only
And lonely is the hunter Asked her for a refill
Sweat flew off my face
(Oh yea)
She's a legendary figure
Kept me in a cage
(Ooh) She's a torture chamber
When I seduced her in my bed
(Ooh yea)
She gave a cold reading
Success went to her head In the heat of the battle
The heart cannot rule Lonely is the hunter
(I'm such a fool)
You're my one and only
And lonely is the hunter Lonely is the hunter
(Lonely is the hunter)
Yea
You're my one and only
And lonely is the hunter Lonely is the hunter
You're my one and only
And lonely is the hunter Lonely is the hunter
You're my one and only
And lonely is the hunter
