

Rise, Rebel, Resist

Otep

Perfect little houses
It's family fun time, let's commit a hate crime
Perfect little spouses in perfect little houses
It's family fun time, let's commit a hate crime
Perfect little spouses in perfect little houses
It's family fun time, let's commit a hate crime
Perfect little spouses in perfect little houses
It's family fun time, let's commit a hate crime
If I can't be loved, then I'll be hated
I'm disconnected, I'm
uninspired
I'm burning in water, I'm drowning in fire
I'm trapped inside my mind
Beneath these piles of stinking life
You use this abuse to keep me conquered
You're so absurdly common
Vacant faces, brainless strangers
Sputtering, stuttering insect language
I'm the creature you created
Every day I grow jaded, calloused and exasperated
If I'll never be loved, then I'll be hated
I'm one of the freaks, the faggots
The geeks, the savages
Rogues, rebels, dissident devils
Artists, martyrs, infidels
Do we sit still under attack
Or do we start pushing back?
Never back up, never back down and fight
Rise, rebel, resist
Rise, rebel, make a fist, resist
Rise, rebel, resist
Rise, rebel, make a fist, resist
I'm human pollution, I covet retribution
I'm just a big mistake, a defect you can subjugate
Your ridicule is just typical antics
Spineless, mindless, tragic, fanatic
Puritan, bigot, lunatic, hypocrite
To save my soul from disaster
Self-destruction could be the answer
If I'll never be loved, then I'll be hated
I'm one of the freaks, the faggots
The geeks, the savages
Rogues, rebels, dissident devils
Artists, martyrs, infidels
Do we sit still under attack
Or do we start pushing back?
Never back up, never back down and fight
Rise, rebel, resist
Rise, rebel, make a fist, resist
Rise, rebel, resist
Rise, rebel, make a fist, resist
Masochistic, so sadistic
All they see is another statistic
Maybe I'm a misfit, maybe I'm different

It will never be an average existence
Masochistic, so sadistic
All they see is another statistic
If I can't be loved, then I'll be hated
It's family fun time, let's commit a hate crime
War, war
Rise, rebel, resist
Rise, rebel, make a fist, resist
Rise, rebel, resist
Rise, rebel, make a fist, resist
We are the freaks, the faggots
The geeks, the savages
Rogues, rebels, dissident devils
Artists, martyrs, infidels
Do we sit still under attack
Or do we start pushing back?
Never back up, never back down and fight
War, war
Resist
