Another World

Sonique

Tell me what you want from me
Tell me you want my love and affections
Come on now, baby, please don't be mean
Give me all that you got - or notWould you like to dance with me
Hearts step in love across the dancefloor
If you want to impress me
Just take my hand and lead meAnd we can reach for the galaxy
And now my dreams are reality[Chorus]
I've been waiting all my life
to feel what I'm feeling now
I've been waiting all my life
to do what I'm doing now
I've been waiting all my life
To feel what I'm feeling now
Let's take a late night flight
To another worldTell me what you see in me
'Cause everybody acts the same and looks the same
You have those eyes, to see inside of me
Do you see all the love that I gotCome on now, please don't be shy
Close your eyes, kiss me now, I'll tell you why
If you want to impress me
Just take my hand and lead meAnd we can reach for the galaxy
And now my dreams are reality[Chorus x2]I've been waiting all my life
To feel what I'm feeling now
I've been waiting all my life
