# No Ordinary Love

## You+Me

I gave you all the love I've got
I gave you more than I could give
I gave you love
I gave you all that I had inside
and you took my love
you took my loveDidn't I tell you
what I believe
Did somebody say that a
a love like that won't last,Â didn't I give you
all that I got to
give babyI keep cryin' for you
I keep tryin' for you
There's nothing like you and I babyThis is no ordinary love
it's no ordinary love
This is no ordinary love
it's no ordinary loveWhen you came
my wayÂ
you, brightened every day
Umm with your sweet smile
With your sweet smileDidn't I tell you
what I believe
Did somebody say that
a love like that won't last
Didn't I give you
all that I've got to
give babyThis is no ordinary love, it's no ordinary love
This is no ordinary love, it's no ordinary love
This is no ordinary love, no ordinary love
This is no ordinary love, it's no ordinary love
