Victory

The Weekend

Today is gonna be my day
And nothing is gonna get in my way
Certainly not this
Certainly not this
Certainly not our last goodbye kiss
Everything that could go wrong
I'm gonna keep at bayChorus:
When they said all great men will fall
And that you won't win them all
I say
Fight!Now this smile has been in hiding
For far, far too long
You can't bottle it up
I won't bottle it up
It's time we both said enough is enough
With everything that has gone wrong
It's time we both moved onChorusWell I was just waiting for the sun to come up
To shed a little light on the situation
And why there's all this hesitation
When it was so clear
That you don't even know what you were fighting for
When nothing worked out you shouted out "War"
But it's so clear
You're not gonna win hereToday is gonna be my day
No matter what anyone might say
Fight!
