

# In A Dream (Remix)

[Nina Sky](#)

Ooh, in a dream you're here, next to me  
I'm makin' your every fantasy come true  
In my dreams, I'm with youOoh, in a dream you're here, next to me  
I'm makin' your every fantasy come true  
In my dreams, I'm with youI see you almost everyday  
Noticed your smiled and your tugged out ways  
Usually not attracted so intensely to a man your type  
But your mystery intrigues me, let me show you what I'm likeOoh, in a dream you're here, next to me  
I'm makin' your every fantasy come true  
In my dreams, I'm with youOoh, in a dream you're here, next to me  
I'm makin' your every fantasy come true  
In my dreams, I'm with youWhen I think about the possibilities  
Of you ending up really feelin' me  
I get all flushed and wonder why I'm so infatuated with a guy  
You're so, so, so, so incompatibleGonna make my move  
I'm gonna make my move  
I'm gonna let you know that I'm feelin' youOoh, in a dream you're here, next to me  
I'm makin' your every fantasy come true  
In my dreams, I'm with youOoh, in a dream you're here, next to me  
I'm makin' your every fantasy come true  
In my dreams, I'm with youOoh, in a dream you're here, next to me  
I'm makin' your every fantasy come true  
In my dreams, I'm with youOoh, in a dream you're here, next to me  
I'm makin' your every fantasy come true  
In my dreams, I'm with youYou're so appealing to me by every fantasy  
In your eyes I see you and I  
Together we can start a family  
Love let's erase the vanity, you and IOoh, in a dream you're here, next to me  
I'm makin' your every fantasy come true  
In my dreams, I'm with youOoh, in a dream you're here, next to me  
I'm makin' your every fantasy come true  
In my dreams, I'm with youOoh, in a dream you're here, next to me  
I'm makin' your every fantasy come true  
In my dreams, I'm with youOoh, in a dream you're here, next to me  
I'm makin' your every fantasy come true  
In my dreams, I'm with you
