

Memory

Babes in Toyland

Memory hide and seek
Halloween men or me, yeah You decide what's on the mind
Comin' in from the other side Look what you done to me
Following following
Look what you done to me
Shadowing shallowing
Yeah, the other side I knew you first
I loved you first
I am the first, yeah Ahh, yeah
Pokin' naked Ruthie with a sharp-end stick shit
I am mean Memory hide and seek
Halloween you know me, yeah You decide what's the mind
Comin' in from the other side Look what you done to me
Following following
Look what you done to me
Shadowing shallowing
Yeah, the other side I knew you first
I loved you first
I am your curse, yeah
Yeah, yeah You decide what's the mind
Comin' in from the other side Look what you done to me
Following following
Look what you done to me
Shadowing shallowing
Yeah, the other side
