

# Sexual Thing

## Poison

Jam Blues Man There you lay  
All by yourself  
So please allow me  
To introduce myself I welcome you  
To the house of sin  
Open your mind  
And let the games begin I'm your lust  
And I'm your greed  
I'm every sick thought  
That you ever done dreamed Eaten your cake  
Now you want some more  
Mmm, where have I  
Heard that before? I am your  
I am your  
I'm just your sexual thing  
I am your  
I am your  
I'm just your sexual  
Ain't nothin' but a sexual  
It's just a sexual thing Lyin' there  
You look so horny  
Talk is cheap  
And startin' to bore me Hold me close  
And tell me it feels so good  
But damn, girl  
You knew it would I am your  
I am your  
I'm just your sexual thing  
I am your  
I am your  
I'm just your sexual  
Ain't nothin' but a sexual  
It's just a sexual thing Glad to have met you  
So pleased that you've come  
But I must be movin' on  
My work here is done Best believe me you, child  
The pleasure's been all mine  
If you're in need, please do indeed  
Call me anytime I am your

I am your  
I'm just your sexual thing  
I am your  
I am your  
I'm just your sexual thing They've got you medicated  
It's got you so frustrated He caught you masturbatin'  
You rather be fornicating Well then you come with me  
I'm gonna set you free It's just a sexual  
Ain't nothin' but a sexual  
It's just a sexual thing What you've witnessed is a sexual fantasy  
Please do not try these tricks at home
