

# Fake Is The New Real

[Alice Smith](#)

Full speed ahead  
Rock 'n' roll is dead  
The girls and boys from the Mickey Mouse Club  
Clocked it in the headTV makes people so tired  
Bored as a bird on a wire  
I check the pulse and I light a match  
And then I set the telly on, I set the telly on fireTell me what's the deal  
Tell me what's the deal  
'Cause it really seems to me  
Bonafide is the old deal, fake is the new realTake a bite out of crime  
Long as it's not on your dime  
If honesty will put you in jail you'd know that  
We're livin' in phony timesYou say you wanna get turned on  
Is it worth the Honda car  
You take a moment and kick yourself  
And then you drop yourself, you drop yourself a bombTell me what's the deal  
Tell me what's the deal  
'Cause it really seems to me  
Bonafide is the old deal, fake is the new realTell me what's the deal  
Tell me what's the deal  
'Cause it really seems to me  
Bonafide is the old deal, fake is the new realTell me what's the deal  
Tell me what's the deal  
'Cause it really seems to me  
Bonafide is the old deal, fake is the new realTell me what's the deal  
Tell me what's the deal  
'Cause it really seems to me  
Bonafide is the old deal, fake is the new realTell me what's the deal  
Tell me what's the deal  
'Cause it really seems to me  
Bonafide is the old deal, fake is the new realFake is the new real  
Fake is the new real
