Time Is Running Out

[Papa Roach](#)

You say Im looking really bad
You say Im looking really sick
And I dont even care
I never really didSo when push comes to shove
And I slap you in the face
Just remember one thingWhen it's time you fill the void
My whole life has been destroyed
And everyone around me says
My time is running outI refuse to surrender
I refuse to surrenderSo when Im out of control
And Im out of my mind
Just remember one thing
I think Im just fineSo catch me when I fall
I wont remember anything at all
So catch me when I fallWhen it's time you fill the void
My whole life has been destroyed
And everyone around me says
My time is running outI refuse to surrender
I refuse to surrenderWhen it's time you fill the void
My whole life has been destroyed
And everyone around me says
My time is running outWhen it's time you fill the void
My whole life has been destroyed
And everyone around me says
My time is running outI refuse to surrender
I refuse to surrender
I refuse to surrender
I refuse to surrender
