Juggernaut

Twiddle

Illuminati hiding faces of the high and mighty
Riding dirty all the way to the orange party
Stealing riches day by day from good people starving
Making money getting paid lying to the dying
Selling greed with political paparazzi
Head of state reminiscent of a fucking nazi
Monsanto corporation pumping poison packaged nicely
A global warning from the warming heating up her bodyYou want to kick me in the face cuz I'm different
Yeah you think you're king of the hill
Dropping tears like bombs from the innocent
Politicians going straight for the kill
Standing rock standing firm protecting mother's water
Rising up for our women, wives, moms and daughters
Where's the love for the animals left to slaughter
An illegitimate excuse of the highest order
Producing waste like a national house of horrors
Divided country led by bullies, thieves and reporters
The pumpkin king giving orders to secure our borders
Our countries fate lie within the lessons of our fathers
You want to kick me in the face cuz I'm different
Yeah you think you're king of the hill
Dropping tears like bombs from the innocent
Politicians going straight for the kill
