

Seal The Deal

Volbeat

Sold my soul and singed my name in blood
Stole it back now praying in the dark
Fooled the devil begging for a fight
Count the dollars make your bet tonight Feel strong like an oiled machine
All the anger boils within
Move it give it
The high rollers are in I get groovy, now turn it on and fight
Seal the deal and let's boogie for a while
Let's get groovy, burning out with rage
Seal the deal and let's do it all again Knuckles crushed my eyes no longer see
I paid the price and fed the family Feel strong like an oiled machine
All the anger boils within
Move it give it
The high rollers are in I get groovy now turn it on and fight
Seal the deal and let's boogie for a while
Let's get groovy burning out with rage
Seal the deal and let's do it all again Sing hallelujah the devil in disguise
There'll be no more pearly gates
So stand up for yourself this time
Fight for honor let no one drag you down no more
Be your own man with blood, sweat, tears you fall I get groovy now turn it on and fight
Seal the deal and let's boogie for a while
Let's get groovy burning out with rage
Seal the deal and let's do it all again I get groovy now turn it on and fight
Seal the deal and let's boogie for a while
Let's get groovy burning out with rage
Seal the deal and let's do it all again
