

Tired Of Running

Snoop Lion

Im sittin on my porch watchin the law
As they ride past in they patrol cars
So tell me why I feel like the enemy
Theyre supposed to be here protectin me
I might have went too far
Helpin to contribute to makin their job hard
Servin fiends like these people aint no kin to me
I cant believe Im out here killin my community
If you knew how far I came (far I came)
From where I am and where I used to be (where I used to be)
I dont want it, you can tell by the look at me
This gangsta life aint no longer in me(Hook)
And Im tired of the runnin, tired of the runnin
Tired of the runnin, runnin from the law
Baby you gotta believe me
Said Im tired of the runnin, tired of the runnin
Tired of the runnin, runnin from the law
Baby ya gotta believe meI know theres things I couldve changed girl
I know theres things I couldve done a lot better
Instead Im in the streets tryin to make that cheddar
Thinkin in my mind that you gon be there forever
I know I couldve let it all go (let it all go)
But I was thinkin it would make life better (make life better)
Instead Im sittin in this cell writin this letter
Thought I wouldnt get caught cause I was way too clever
I learned theres no one to catch ya when ya fallin
And theyll be no one to hear you when youre callin
Do you know what its like to wake up in the mornin
While youre starvin youre hearin bugs crawlin
Reminiscin on them days you was walkin
With pretty women on your arm while youre flossin
Thankful that I didnt end up in a coffin
Somethin we see too often(Hook)(Bridge)
Said Im tired
Said Im tired
I said Im tired
So tired, yeah(Hook)
