

# Wait for Me

## Motopony

She'll come to me in a dream  
And I don't even know her name  
A pretty mark upon her breast  
To signify her from the rest  
But her and I are just the same  
Building bridges outta fame  
She stands upon a dinner plate  
And tells me that I'll have to wait

(Oooh, Wait for me)

I know it won't be easy  
What a thing  
To believe  
In a dream

Perhaps I knew her long ago  
I wrote her poems at nine years old  
But then I did become a man  
The letter slipped right through my hands  
Practiced all my wit and charm  
Had many girls on every arm  
I learned the depths of love and hate  
But never did learn how to wait

Wait for you  
You say it like it's easy to do  
What a thing  
To believe  
In a dream

I hope you know that all my life  
I have been searching for a wife  
A partner and a confidant  
The girl who wants the things I want  
A girl who doesn't come along  
'Cause she's already where I'm goin'  
I stand upon a broken stage  
I beg ya darling, please, please wait

Wait for me

I know it won't be easy

What a thing

To believe

In a dream
