Dead Eye

Baby Ford

A place you?ve never been to, people you don?t know
It?s not your hole to be in, easy to let it go
But deep down at the bottom, in the back of your mind
The saddest sense of being, finds you every night
And everyone you love is already gone
I dreamt that I was drowning in the middle of the sea
But things like that don?t happen, to people like me
And that?s just what you tell yourself

The dead eye leave in the background
The dead eye leave in the day

You can?t escape the feeling, it?s in everything you do
Consider yourself lucky that you have as much to lose
And try not to waste your life, thinking about the end
The message and the meaning, well you knew it all along
The thing about forever it goes on and on and on
Sometimes I wish I would give it all back

The dead eye leave in the background
The dead eye leave in the day

Where you been hiding all your demons
How can you look me in the eye
If you can tell me, when can you tell me why

The dead eye leave
The dead eye leave
The dead eye leave
The dead eye leave in the day
