

8th World Wonder (Hi-Bias Radio Edit)

[Kimberley Locke](#)

Woke up early this morning
Made my coffee like I always do
Then it hit me from no where
Everything I feel about me and you The way you kiss me crazy
Baby, you're so amazing Seven days and seven nights of thunder
The water's rising and I'm slipping under
I think I fell in love with the 8th world wonder I guess that I'm just falling
Deeper into something I've never known
But the way that I'm feeling
Makes me realize that it can't be wrong Your love's like a summer rain
Washing my doubts away Seven days and seven nights of thunder
The water's rising and I'm slipping under
I think I fell in love with the 8th world wonder It's only been a week
But it's coming over me
It's making me believe
That you're the one for me Seven days and seven nights of thunder
The water's rising and I'm slipping under
I think I fell in love with the 8th world wonder Seven days and seven nights of thunder
The water's rising and I'm slipping under
I think I fell in love with the 8th world wonder Seven days and seven nights of thunder
The water's rising and I'm slipping under
I think I fell in love with the 8th world wonder Seven days and seven nights of thunder
The water's rising and I'm
I think I fell in love with the 8th world wonder
