Falling Down

The Redwalls

What's this shit goin' down 'bout the fcc
gone to war against obscenity
well, in times like these
you better watch what you say
watch 'em take your fucking rights away
darlin' i've been falling down
darlin' we've been and i'm falling down
don't you want to know. oh oh oh
just a shame, just a drag, just the usa
more concerned about the things we say
and the lies they tell.
i'll tell you that's what's unjust
what the fuck they've been telling us
darlin' i've been falling down
darlin' we've been fallin' down
don't you take it away
don't you want to know. oh oh oh
and it's a long way down
and it's a long way down.
here come the witch hunt, black listin' fcc
callin' out the fucking cavalry
when they come for you, why don't you come to me
as you sit through this insanity
darlin' i've been fallin' down
darlin' we've been fallin' down
don't you take it away
don't you take it away
don't you want to know. oh oh oh
