Take Me Back In Time

Jackie Greene

oh no where did the daylight go
i must be wasted
lost again
oh dear what am i doing here
i must have spaced it on a bend
take me back in timei want to go where a lazy river flows
folks are simple, satisfied
i long to be beneath the pepper tree
girl with?? by my side
take me back in timetake me back in time
where the people know how to slow down and slow down my mind
the crickets hum for everyone
and ma'am all worked till the job was done
we could have our fun on cherry wine
oh my, what happened to the sky
they're leaving? everywhere
okay, there goes another day
i missed the details, but i don't care
take me back in time
give me back what's mine
oohhhh
