

# Make It Right

## The Coathangers

Take it back baby, yeah you want it so bad  
I've been messing up lately, now it's making you mad  
Oh Oh  
Staying out late, do whatever you like  
Really didn't baby, don't go out tonight  
Oh Oh  
You couldn't take the pressure, took it out on your head  
Get it back baby, put the KS to bed  
Oh Oh You know what's right,  
Gotta let it of or threw on  
You gotta make it right  
There's nothing left for you to do,  
Gotta make it right  
There's nothing left for you to loose  
Got two roads comming, but wont now which you'll take,  
Better choose wisely, cuz they ain't the same  
Oh Oh  
Self destructing, with a frown on your face  
Were you think you're going, you're such a waste  
Oh Oh  
Oh you and me baby, yeah we're one and the same  
He's been gone a while, he's been gone a while you got no one thame  
Oh Oh You know what's right,  
Gotta let it of or threw on  
You gotta make it right  
There's nothing left for you to do,  
Gotta make it right  
There's nothing left for you to loose  
It's the sickest little secret, that you couldn't keep  
And now you can't remember what you do in your sleep  
Oh Oh  
Now it's slippin threw your fingers, gotta hold on tight  
Misin you so much, wish you were here tonight  
Oh Oh  
Yeah you split in the middle, right in two  
One's a total mess the other knows what to do  
Oh Oh You know what's right,  
Gotta let it of or threw on  
You gotta make it right

There's nothing left for you to do,  
Gotta make it right

There's nothing left for you to loose
