

# I.S.A.A.C

## Tahiti 80

I return home with special food for my spirit  
My presence will pass into eternityWe'll never be younger than today  
Tomorrow's yesterday, it's never too lateYou write your pretty songs  
Just to discover what you wrote  
You did something when you were youngerWe'll never be younger than today  
Tomorrow's yesterday, it's never too lateEverything is over now  
Everything is over nowWe'll never be younger than today  
(And today's left us so fast)  
Tomorrow's yesterday, it's never too late
