

The Ones

Hopesfall

All to be the ones, the original
The conscience laden conquerer
The conscience laden, the conscience laden pass, us by
Forcast new wave edition
The prenumb stable grounded individual, stable grounded individual
Pass us byThe ones we're tryin' to hold on
The ones we're tryin' to come through
Disorder
The ones we're tryin' to hold on
The ones we're tryin' to move through
Temporary disorderFactory born and level minded pardon
Them for the inability, pardon them, pardon them pass us by
To prevent the downfall the prenumb
Stable grounded individual, stable grounded individual pass us byThe ones we're tryin' to hold on
The ones we're tryin' to come through
Disorder
The ones we're tryin' to hold on
The ones we're tryin' to move through
Temporary disorder
