Call Me A Fool

Live

I can't believe I finally found the key
The door, the trip, it was all in my mind
Now I'm one with the fools of love
I can't believe I finally found the prisoner
The free man were all in my mind
Now I'm one with the fools of love
These fools of love are misunderstood
Their history is with me now
I can't believe my core was shaken
I gave up the ghost of everything I was before
Now I'm one with the fools of love
The fools of love are misunderstood
The mystery is with me now
So call me a fool
Call me a fool

Call me a fool
I can't believe my dream is over
I woke up this morning with nothing but light in my eyes
Now I'm one with the fools of love
I can't believe the key, the door, the clouds
That blocked the sun, they were all in my mind
Now I'm one with the fools of love
And these fools of love are misunderstood
Their history is with me now
So call me fool
Call me a fool
Call me a fool
The fools of love are misunderstood
The mystery is with me now
