

# Be Back Home

## Big Kenny

Fried corn and chicken bread, that's what my granny said  
If you got a heard up in your head  
Eat some fried corn and chicken chick chick chicken bread  
Go nna take a long walk, have me some fun  
Hang out under the Virginia sun  
In the blue grass by a big old tree  
Nothing to hear but a honey bee  
Oh feels so good to be back home  
Always feels so good to be back home  
Well my momma's pretty and my daddy works hard  
Stacking the hay to the top of the barn  
Something's cooking and it sure smells good  
Yeah I came back like I said I would  
Yeah feels so good to be back home  
Always feels so good to be back home  
Hey everybody dance, dance, dance  
Oh feels so good to be back home yeah yeah  
Always feels so good to be back home  
Yeah feels so good to be back home  
Always feels so good to be back home  
Sunrise about six in the morning  
Sunset about six in the day  
Sunrise about six in the morning  
Sunset about six in the day  
Fried corn and chicken bread, that's what my granny said  
If you want to get that girl in bed  
Feed her fried corn and chicken bread  
Fried corn and chicken bread, that's what my granny said  
If you got a heard up in your head  
Eat some fried corn and chicken chick chick chicken bread
