Is It My Body (Remastered Version)

Alice Cooper

What have I got
That makes you want to love me
Now is it my body
Someone I might be
Somethin' inside meYou better tell me
Tell me
It's really up to you
Have you got the time to find out
Who I really amWhat does it take
To get inside of your mind
Give me a break, yeah, yeah
And take a chance for the very first timeYou better tell me
Tell me
It's really up to you
Have you got the time to find out
Who I really amWhat have I got
That makes you want to love me
Now is it my body
Or someone I might be
Or somethin' inside meYou better tell me
Tell me
It's really up to you
Have you got the time to find out
Who I really am
Oh
