

# For the Thrill (feat. B.o.B)

## Victoria Monet

[Hook: Victoria Monet]  
Keep on running  
For the thrill if it gets you high  
Keep on running  
For the thrill if it gets you high  
High  
High[Verse 1: Victoria Monet]  
Some will want your love  
Some will want want your pain  
Someone want the blood from your veins  
Some are hanging on to every word you say  
Waiting til' you fall from your reign[Pre-Hook: Victoria Monet]  
But that's okay  
Rub it in their face[Hook][Verse 2: B.o.B]  
I'm a smoker, I'm a drinker, a slave to human nature  
Prone to misbehaviour, my zone I don't stray away from  
Yeah, yeah yeah, I'm on my square, you just a [?]  
I'm on that different level, higher than the ozone layer  
Mr Officer, say Mr Officer  
We free spirits get these cuffs up off of us  
Stay toastin' liftin' cups often bruh  
Your life is good but my life is much awesomer[Hook][Verse 3: Victoria Monet]  
Been trying every dawn and every break of day  
To get between your pen and your page  
Now they ever want is to see you fade  
Till they get you down in your grave[Pre-Hook] + [Hook]
