Better Than I

Stria

She got my eyes
She got my hair
Go on and stare
Complexion the same
It wouldn't be the same
If you knew she didn't care
About you the way that I do now so
Don't go thinking that she's better than I
I'm a keep it one hundred
She ain't got nothing I can prove why
She ain't got nothing on my Ooo Ahh
Don't go thinking that she's better than I
I'm gon' show you
She ain't got nothing I can prove why
Boy I'm gon' show you what I'm
Finna finna finna finna finna do now
She doesn't cook
She doesn't clean
Steam your jeans
She always rush
Doesn't take much
To do to win your love
You're something in common we both share but
Don't go thinking that she's better than I
Boy you got plenty to choose
Boy don't forget the 80/20 rule
So what she does it don't even matter
'Cause I do my things better than her
I'm a keep it one hundred
She ain't got nothing I can prove why
She ain't got nothing on my Ooo Ahh
Don't go thinking that she's better than I

I'm gon' show you
She ain't got nothing I can prove why
Boy I'm gon' show you what I'm
Finna finna finna finna finna do now
Way before you saw me walking down the aisle
You told me I'm the type of girl that stands out in a crowd

You said you liked my smile way before we said our vows
I was your Tenderoni and you was my Bobby Brown
Ba-Ba-Ba-Baby take a vowel you been playing me awhile
Gaming her too got us both like Wow
But I'm finna hit the dial if you still out on the prowl
And you can't commit to vows 'cause you keep committing fouls
Boy you got plenty to choose
Boy don't forget the 80/20 rule
So what she does it don't even matter
'Cause I do my things better than her
I'm a keep it one hundred
She ain't got nothing I can prove why
She ain't got nothing on my Ooo Ahh
Don't go thinking that she's better than I
I'm gon' show you
She ain't got nothing I can prove why
Boy I'm gon' show you what I'm
Finna finna finna finna finna do now
I'm a keep it one hundred
She ain't got nothing I can prove why
She ain't got nothing on my Ooo Ahh
Don't go thinking that she's better than I
I'm gon' show you
She ain't got nothing I can prove why
Boy I'm gon' show you what I'm
Finna finna finna finna finna do now
