

# America Is Not The World

Morrissey

America, your head's too big  
Because America, your belly's too big  
And I love you  
I just wish you'd stay where you is  
In America, the land of the free, they said  
And of opportunity in a just and a truthful way  
But where the President is never black, female or gay  
And until that day you've got nothing to say to me to help me believe  
In America, it brought you the hamburger  
Well America you know where you can shove your hamburger  
And don't you wonder why in Estonia they say  
  
"Hey you, big fat pig, you fat pig, you fat pig"?  
Steely blue eyes with no love in them scan the world  
And a humorless smile with no warmth within greets the world  
And I, I have got nothing, to offer you, no no no no  
Just this heart deep and true which you say you don't need  
See with your eyes, touch with your hands, please  
Hear through your ears, know in your soul, please  
For haven't you me with you now?  
And I love you, I love you, I love you and I love you, I love you, I love you
