

# Land of All

## Woodkid

I took a chance to build a world of mine  
A one way ticket for another life  
On a petrol stained sailboat  
On a petrol stained sailboat I used to dream about the other side  
The sun rising on the skyline  
And a beautiful rainbow  
Such a beautiful rainbow I came to break the wall that rose around you  
To see the land of all  
I will fall for you  
I will fall for you I miss the friends I had to leave behind  
My dad saying: "I'm proud of you, son"  
It makes me want to go home  
Could I ever call this place home? I came to break the wall that rose around you  
To see the land of all  
I will fall for you  
I will fall for you I came to break the wall that rose around you  
To see the land of all  
I will fall for you  
I will fall for you
