

Let Them Be Little

Lonestar

I can remember when you fit in the palm of my hand
Felt so good in it, no bigger than a minute
And how it amazes me, you're changin' with every blink
Faster than a flower blooms they grow up all too soon
So let them be little 'cause they're only that way for a
while
Give them hope, give them praise, give them love every day
Let them cry, let them giggle, let them sleep in the middle
Oh, just let them be little
I've never felt so much in one little tender touch
I live for those kisses, prayers and your wishes
And now that you're teachin' me things only a child can see
Every night while we're on our knees all I ask is please
Let them be little 'cause they're only that way for a while
Give them hope, give them praise, give them love every day
Let them cry, let them giggle, let them sleep in the middle
Oh, just let them be little
So innocent, a precious soul, you turn around
It's time to let them go
So let them be little 'cause they're only that way for a while
Give them hope, give them praise, give them love every day
Let them cry, let them giggle, let them sleep in the middle
Oh, just let them be little
Let them be little
