

# Even Me

Crystal Aikin

I don't deserve  
The love you've shown  
The blood you've shared  
cover's my wrong  
Beyond my faults  
Oh lord you've seen  
And said you'll still use  
use even me Oh lord I try  
To do my best  
Although sometimes  
I do much less  
You call my name and  
And I ran away  
But still you call me another day Yes even me Lord  
Even me  
Though scarred and broken  
And unworthy  
My guilty stains  
You wash them clean  
And said you'll still use  
Use even me Sometimes I fall  
And make mistakes  
But brand new mercies  
You show everyday  
You are my strength  
When I get weak  
And out of the darkness  
You lifted me
