

Rolled Together

The Antlers

Rolled together with a burning paper heart
Rolled together with a burning paper heart
Rolled together with a burning paper heart
Rolled together with a burning paper heart

Rolled together were about to burst apart
Rolled together with a burning paper heart
Rolled together were about to burst apart
Rolled together with a burning paper heart

Rolled together were about to burst apart
Rolled together with a burning paper heart
Rolled together were about to burst apart
Rolled together with a burning paper heart

Rolled together were about to burst apart
Rolled together with a burning paper heart
Rolled together were about to burst apart
Rolled together with a burning paper heart
Rolled together were about to burst apart
