## From Under the Willow

This is hopeless  
Like treading water in the deep  
We are worthless  
Portraying everything we hate  
This is not us  
This is not who we used to be  
It's like we sold out our own souls  
And ruined everything we made

So I fucking took a leave  
Right there right then  
'cause no one belongs inside my head

My Home  
Is right there  
In your heart  
So fight fair  
It's not something you can just throw away  
Out of the debris

I fell asleep with lust  
I woke up by myself  
And I didn't think that I'd ever give a shit  
That is the fucking worst of it  
Thought it was just a hit it and quit it  
I want you back I admit it  
But doesn't it look like I'm moving on x2

So I fucking took a leave  
Right there right then  
'cause no one belongs inside my head

My Home  
Is right there  
In your heart  
So fight fair  
It's not something you can just throw away  
Out of the debris  
Cause we burned  
What we made

And I packed for days  
And then I thought it best  
To leave my Shit  
In the blaze  
Cause we burned  
What we made  
And I packed for days  
And then I thought it best  
To leave my Shit  
In the blaze

This is hopeless  
Like treading water in the deep  
We are worthless  
Portraying everything we hate  
x2

My Home  
Is right there  
In your heart  
So fight fair  
It's not something you can just throw away  
Out of the debris  
Cause we burned  
What we made  
And I packed for days  
And then I thought it best  
To leave my Shit  
In the blaze
