

# Great Rain (feat. James Murray)

Carl B. Phillips

There's a cloud about the size of a man's hand on the horizon  
Get ready for a great rain  
Tell the story JamesHm God told the prophet  
There would be no rain  
Then after many days  
God said he'll send the rain  
The prophet prayed  
But still no rain  
Then on the 7th time he heard the  
Servant say  
Unison: (I see a cloud) about the size of a man's hand  
Harmony:(God opened the heavens) and it rained again  
Unison:(It came to pass)  
The drought didn't last (the drought didn't last)
