

Not Everyone

Nine Black Alps

Hey
You're not the first
You're not the last
To hold me back Yeah
It's such a shame
It's such a waste
To hesitate Now
I've seen the light
I've heard the sound
Of bringin' others down Not everyone deserves the sun
Not everyone lives for too long
Not everyone can turn you on
Yeah Strange
What people say
About your face
The way it changed It's hard
To fall behind
They bleed you dry
And blow your mind Now
You've lost control
You've let it show
And now no-one knows Not everyone deserves the sun
Not everyone lives for too long
Not everyone can turn you on
Yeah Just say my name
Just say my name
Just say my name
Just say Not everyone deserves a song
Not everyone lives for too long
Not everyone can turn you on
Yeah Not everyone deserves a lie
Not everyone deserves to die
Not everyone can bleed you dry
Yeah
