

Lips Like Sugar

Seal

Woah
Ooh, ooh
Ooh, ooh
Woah She floats like a swan
Grace on the water
Lips like sugar
Lips like sugar
And just when you think you've caught her
She glides across the water
She calls for you in the night
To share in the moonlight You'll flow down her river
She'll ask you forgive her
Lips like sugar
Sugar kisses
Lips like sugar
Sugar kisses She knows what she knows
I know what she's thinking
Sugar kisses, sugar kisses
And just when you think that she's yours
She's flown to another man's shores
To laugh when you're breaking
Your world she's forsaking You'll flow down her river
But you'll never forgive her
Lips like sugar
Sugar kisses
Lips like sugar
Sugar kisses Loves, so me say she floats like a swan
In a blessed world
She is one in a million, lord have mercy
She floats like a swan
S[?]
She taught love emotion, lord
Love so sweet, sweet sugar kisses
Moments like these are hits, not misses
See d'love, love and kisses
Moments like these, hits not misses
Why, let me show, 'na, man
She kiss me so sweet when that tension emits
I feel her body heat

Why, let me show, 'na, manShe'll be my mirror

Reflect what I am

Loser and a winner

The king of Siam

And my siamese twin

Alone in the river

Mirror kisses, mirror kissesLips like sugar

Sugar kisses

Lips like sugar

Sugar kisses

Lips like sugar

Sugar kisses

Lips like sugar

Sugar kisses
