

Where It At (feat. Yo Gotti)

Young Jeezy

[Intro]

Yeah, yeah, yeah, yeah, yeah, yeah, where it at, yeah[Hook: Jeezy]

Came a long way from the metro (where it at?)

Now a 50 foot ceiling blowing petro (where it at?)

Swear a nigga went platinum on that Boost Mobile (where it at?)

I said platinum on that Boost Mobile

Run a Fortune 500 from that prepaid (where it at?)

IRS talking you know what we pay (where it at?)

And if (?) (where it at?)

These niggas talking bout it where it at tho?

[Verse 1: Jeezy]

I'm all about my business, I'm a business man

Got two off in the box, ain't talking Timberlands

Cut it down the middle like I'm Freddie Kruger

Then throw it in that water like a barrakuda

See diesel in the Ferra 1000 dollar frames

250 for the (?)

Boy you got you when this shit is sounding like a single

O's on the counters looking like it's steal your pringles

These niggas talking bails or they making bails

Hey what's the tracking number? You say it's in the mail

They say the phone bugged it mosquitos on it

The white boys eavesdropping like the Beatles on it, damn[Hook: Jeezy]

Came a long way from the metro (where it at?)

Now a 50 foot ceiling blowing petro (where it at?)

Swear a nigga went platinum on that Boost Mobile (where it at?)

I said platinum on that Boost Mobile

IRS talking you know what we pay (where it at?)

And if (?) (where it at?)

These niggas talking bout it where it at tho?[Verse 2: Jeezy]

Break the 36 downs into 18s

Traffic in a black van like the A-Team

Got 6 gold ropes on, I'm Mr. T

Can't talk about the trap and not mention me

Type of shit I be thinking in my elevators

All the way up, mother fuck a hater

And baking soda still in the refrigerator

Imitating ass nigga, you're an imitator

Hey, favorite rapper talking like he's El Chapo
Like he making orders like at Del Taco
They say the phone bugged it got mosquitos on it
That's when I pull up in that Wraith with the Adidas on it, damn[Hook: Jeezy]
