

Piece of You

Golden

I I just want a piece
I I just want a
I I just want a piece
I I just want a Girl I got swag and you got swag
And we done hit a little mick mick jag
If I smash it, its gonna last shit
Whether its out like it was fashion
Lets not babysit these glasses
Keep on sippin until its gone
In them jeans that you got on
In my crib and I wanna call home
Wait til I get in my zone
Imma go all night
You gonna need you a clone
Gimme my phone, call your friend
tell her come over
And come alone
Hop in this bugatti
Let me rub on your body
I can keep a secret love
I aint tellin nobody Girl you got everything that a man could ever want
Its that Louis, that Gucci, that booty that turns me on
Pick me up when its down
Get me hot when its cold for sure babe
Any time you around I aint got no self control Hey cause you got it babe you got it babe
And I want it babe I want It babe
And if I get a piece of you
Its curtains babe for certain babe
Heres what I want to do babeeeee Girl I just want a piece

Cause you got it babe
(TIMES 2) Girl you know what I mean when I say that I wanna cup
Like a drink what you think about letting me fill you up
Pick you up, put you down on this bed really nice and slow babe
Lick you up and around give you pole til you lose control babe Hey cause you got it babe you got it babe
And I want it babe want It babe
