Monster

Lauren Dair

They should name a hurricane after you
Cause nothing is the same when you blow on through
I grit my teeth and squeeze my knuckles white
Im drowning in the deep end
Will someone hear my cry

Im in love with the monster who lies in my bed
Hes says that he loves me but wishes me dead
He begs and he cries when i tell him goodbye
Im in love with a monster and i dont know why

You can pick a fight all through the night
You can paralyze me with just your eyes
And its sad but its true that i put up with you all this time
And you screamed and you cursed to get up off the dirt you can fight

Im in love with the monster who lies in my bed
Hes says that he loves me but wishes me dead
He begs and he cries when i tell him goodbye
Im in love with a monster and i dont know why
Oh (x13)

Youre a nightmare with my eyes wide open
Youre a devil with a halo
I dont deserve this
Then you punch and you kick
Ill take in all the hits i can handle
Put youre pulling the thread and your watching me unravel

Im in love with the monster who lies in my bed
Hes says that he loves me but wishes me dead
I try and i try but i cant say goodbye
Im in love with a monster, in love with a monster
I try and i try but i cant say goodbye
Im in love with a monster and i dont know why
