

Last Time I Tried to Rock Your World

Mindless Self Indulgence

that is it - last time i am stupid enough
to take that - i corrupt your fucking world
it ain't like no phat motherfucker's gonna listen to me anyway
yo - if i am really lucky now
you know i'm only around here for a couple more years
last fucking time i was stupid fucking enough
i demand my payment in cash
to take that money - i'm gonna rock your fucking world
i demand my payment in cash
i do services only i appreciate
never again
never again
you can give me your bullets and all i want is my money
never again
i demand my payment in cash
never again
last fucking time i was stupid fucking enough
i demand my payment in cash
last fucking time i was stupid fucking enough
to take that money - i'm gonna rock your fucking world
to take that money - i'm gonna rock your fucking world
never again
i learned my lesson never again
never again
never again
