

Mudvayne

Losses, losers and more gain of life's pleasures  
Cohorts listen behind the doors  
To a life shot again less than to move in me  
All my walls falling down pains aloft misery I'm sure that the lessons were learned  
I'm sure that the punishments went well deserved  
By the pawn in the plan taste the shit bitterness  
Walk from me everything systematically Come on, come on, you were the one, you were the one  
Dredge up shit inside of me in my pointless life of nothing  
Tell me, what I'm supposed to be?  
Tell me, who I'm supposed to be?  
Tell me, what it takes to ascend?  
Tell me, what it takes to live? Patience, pleasures and rewards, come in due time  
Stare at the sun I'm bored  
In a life meaningless soaking up all of me  
Like the cross you worship, life is loss look at me I'm sure that some day we'll wake up  
I'm sure that some day we'll wake from the dream  
Of success and focus tunneling to the light glowing  
Deep inside of me your taunting, I wake up Come on, come on, you were the one, you were the one  
Dredge up shit inside of me in my pointless life of nothing  
Tell me, what I'm supposed to be?  
Tell me, who I'm supposed to be?  
Tell me, what it takes to ascend?  
Tell me, what it takes to live?  
Tell me now! Tell me now! Pain, misery, distress, dismal know  
Where depressed idiot failure in me  
Loser, loser in me who I am, loser in me Don't feel sorry, don't feel sorry for me  
Don't need your sympathy or empathy  
Don't need your sympathy inside of me  
Don't need your sympathy or empathy  
Don't need your sympathy inside of me  
Don't feel sorry, don't feel sorry for me Come on, I know you were the one, you were the one  
Numb to feelings inside of me, why I've seized my vision?  
Don't need, you to tell me who to be?  
Don't need, you to tell me what to be?  
Don't need, you to tell me how to ascend?  
Don't need, you to tell me how to live?
