Shame

PJ Harvey

I don't need no rising moon
I don't need no ball and chain
I don't need anything but youSuch a shame, shame, shame
Shame, shame, shame
Shame is the shadow of loveYou changed my life
We were as green as grass
And I was hypnotized
From the first 'til the lastKiss of shame, shame, shame
Shame is the shadow of loveI'd jump for you into the fire
I'd jump for you into the flame
Tried to go forward with my lifeI just feel shame, shame, shame
Shame, shame, shame
Shame is the shadow of loveIf you tell a lie
I still would take the blame
If you pass me by
It's such a shame, shame, shame
