

Dance Around

Claire Tchaikowski

So you're saying I'm out of line
That I'm late and that's too many times now
And you're telling me how you have to let me go
Well what you're saying is just fine
Caus me, I'm miles away
Watching and dreaming of more

If it turns out it's all lies
Mmm well, forgive me Lady
Just don't try to stop me

I'm gonna get away
No, here I go again
My feet seem to know where I'm bound
So I'm gon' let 'em take,
Lead me home let me follow
Straight on till the moon and stars are mine
Then I'm gonna dance around
and round and round and round you...

So you're saying you're too tired
That I'm restless, cold and I'm wild and
You're telling me how the readiness is all
Well what you want Boy is just fine
But me, I'm ready to fly
Hoping and wanting it all

If it turns out I fall down
Mmm well, forgive me Baby
Just don't try to stop me
