

The Way You Look Tonight

Air

I like the way you look tonight
No blood in your vein, what does it mean ?
Trashy art everywhere, on the screen
Slow motion aftertaste, I've had foresight That's the way you look tonight
I like the way you look tonight Free union rider in the sun
Here comes the lord of audio beauty
Do you really have a digital body ?
People like you grim, lust for fun That's the way you look tonight
The way you look tonight
I like the way you look tonight
The way you look tonight
