

What If

Jordyn Taylor

La la la la la la
La la la la
La la la la ooh...I don't know you
I just met you boy
But somethin's got me
And I don't know why I don't know you
I just met you girl
But somethin's got me
Can you tell me why Cause' I don't know why
From the moment I first saw you
I've been stuck in time
And it seems so right No I don't know why
But the feelings that I'm feeling They're so beautiful Incredible It makes me wanna say What if
It was meant to be
What if
It was destiny
This trip
Baby you and me
We might never get another chance
So let's skip
All the history
And just click
To the you and me
And then-maybe we'll see
If this what if could be Yeah yeah
If this what if could be
Na na na na na It's not my style
To get so excited
But I like it
And I don't know why I'm fallin so fast
Girl I've got it bad
No, I can't help it
Can you tell me why Cause' I don't know why
From the moment I first saw you
You've been on my mind
Baby stuck inside No I don't know why
But baby everything's so perfect Yeah...
It's beautiful Incredible It makes me wanna say What if
It was meant to be

What if
It was destiny
This trip
Baby you and me
We might never get another chance
So let's skip
All the history
And just click
To the you and me
And then maybe we'll see
If this what if could be Could be for real
We won't know
Unless we take the wheel
Roll the dice and see just how it feels Feels to be in love
What if this is love It makes me wanna say What if
It was meant to be
What if
It was destiny
This trip
Baby you and me
We might never get another chance
So let's skip
All the history
And just click
To the you and me
And then maybe we'll see
If this what if could be La la la la la la
La la la la
La la la la ooh...
Yeah yeah
