Recognise Me

Sofi De la Torre

I told you, we could build this
With your hand in my hand
I need for you to listen
Just this one time.And hold me like you mean it
Like we're flying blind
Cause every given moment
Can be random
Can be valuedWandering under your skin.
Won't you just let me inCause this untamed mind
Is trying to, trying to find
The space in time
With the heart that beats like mine
let wisdom flow
I need to know
Can you recognise me
Can you recognise meIt's how I miss firmness
If we take it slow
We're holding undercover
Into the unknownI buried a treasure
Can't find it aloneWandering under your skin
Won't you just let me inCause this untamed mind
Is trying to, trying to find
the space in time
With the heart that beats like mine
let wisdom flow
I need to know
Can you recognise me
Can you recognise meI need your guidance
I want to get lost in a world of our own
I need your guidanceCause this untamed mind
Is trying to, trying to find
the space in time
With the heart that beats like mine
let wisdom flow
I need to know
Can you recognise me
Can you recognise me
