The Palpitations Form a Limit

Omar A. Rodriguez-Lopez

Might I crave a crawling imposter
head held for miles to come
simply slice a prayer to answer
as the daylight lets me runof all the schemes that you've conducted
this one makes it safe
erasing all my fond memories
of a life you couldn't takewe all have those disasters
they let you know they run
can't you never stay any longer
as long as you still run
