

Come Back

Yuna

I don't wanna let you in,
'Cause I don't wanna let you down
You think I'm not interested,
The truth is I want you instead. We say hello and we say goodbye
And I know that, we'll be alright
That you and I, we're far away
Just waiting like, come back back Ooo Ooo Ooo
Come back back (x2) I don't want to make you wait,
'Cause I know that its not okay
And if you find another girl
Just know that it wont be the same We say hello and we say goodbye
And I know that, we'll be alright
That you and I, we're far away
Just waiting like, come back back Ooo Ooo Ooo
Come back back (x2) I don't want to fall in love,
'Cause I don't want to mess it up
If you think that it's worth a shot
Well show me, show me what you've got We say hello and we say goodbye
And I know that, we'll be alright
That you and I, we're far away
Just waiting like, come back back Ooo Ooo Ooo
Come back back (x2)
